We are Always Curious

And our mission was to work as a team to deliver a final project as part of our Journey into Tech

How do we find out the
location of things that are
important to us?

→ **Why?**

we chose our project

→ **What?**

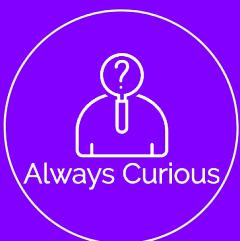

the app does

→ **How?**

we delivered our project

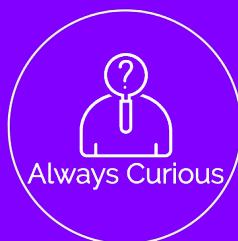

→ **Where?**

our project could go next

Why finder

- ⌚ Non-existent or fragmented data
- ⌚ We're all looking for something
- ⌚ Showcases and extends our learning
- ⌚ Investigates crowdsourced data
- ⌚ Scope for development

Why

'a really simple way to talk about location'

What is What3Words? How to use the viral app

An entire country uses it for its postal service, whilst the Lonely Planet also uses it to identify points of interest

What3words: The app that can save your life

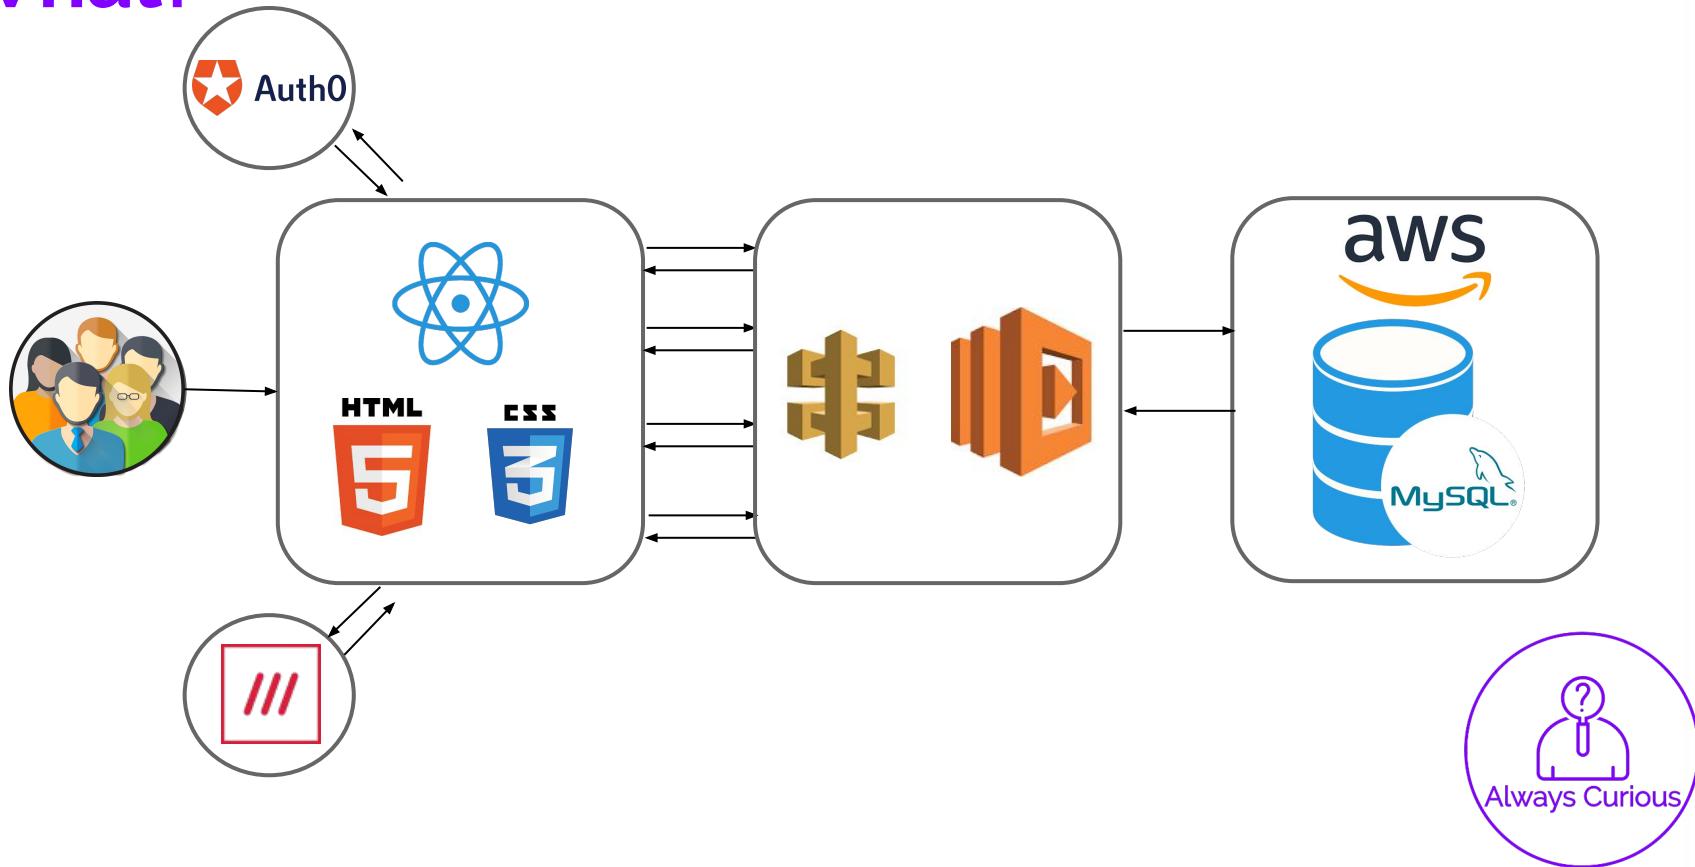

By Duncan Leatherdale
BBC News

15 August 2019

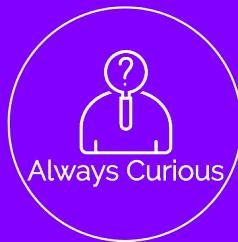

Police have urged everyone to download a smartphone app they say has already saved several lives. What is it and how does it work?

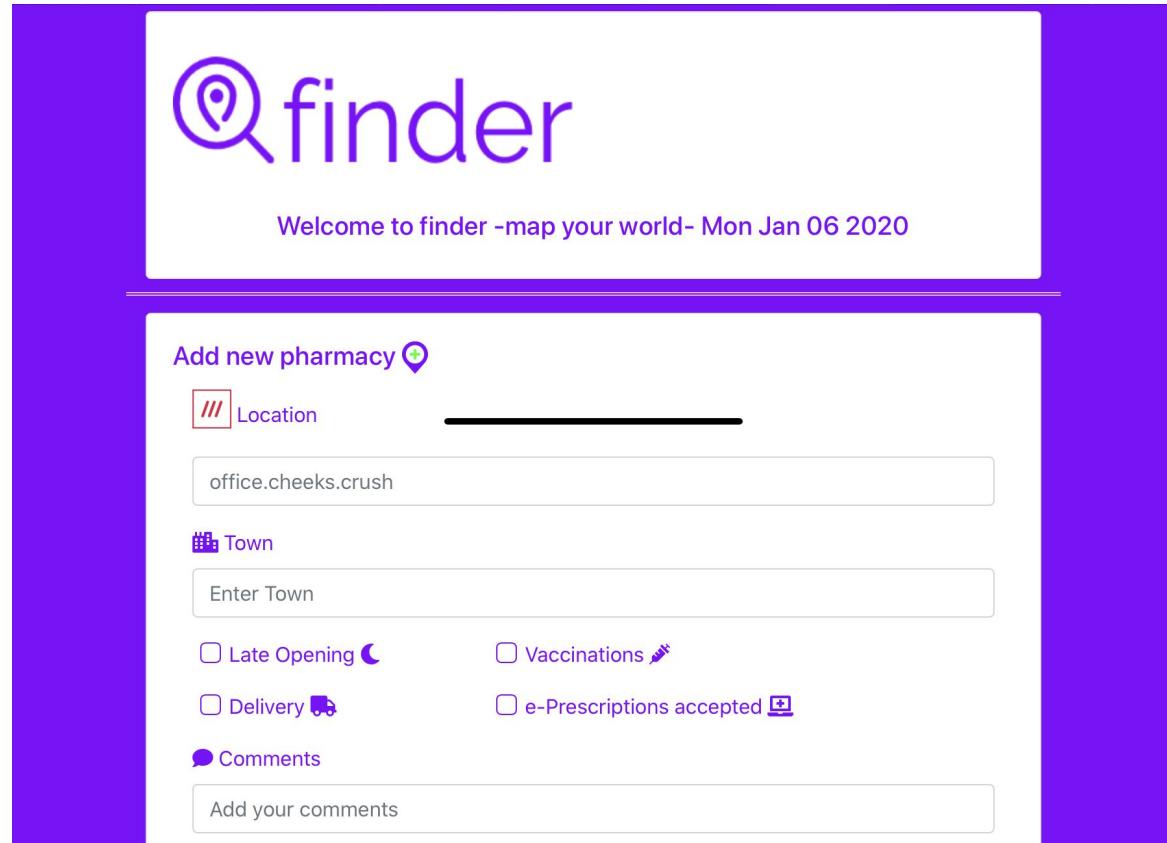

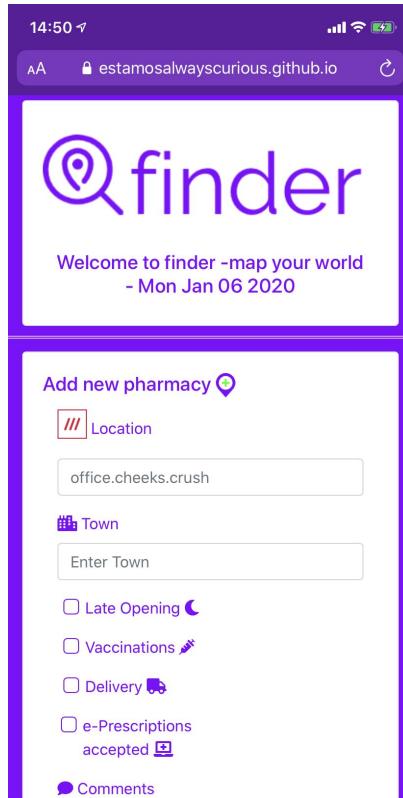

What?

The Demo....
